

Our Team

We are a team of dedicated professionals from diverse service backgrounds committed to develop strategies in assisting our customers in moving to their new perfect, right size space.

Helen Rankin (CEO)

Helen's love for seniors prompted her to leave the software world and commit to utilizing her gerontology training in providing services to seniors and their families. As a former director of an adult daycare center, Helen became very sensitive to the challenges and obstacles when having to move seniors because of health and other age related issues.

Vicky Constantinidis (COO)

Vicky has vast management experience as an executive VP including USPS. After leaving the corporate world to become a full time care giver for her mother, Vicky understands the challenges faced by the elderly and their families and how to strategically disseminate through the red tape of outside vendors, government agencies, hospitals and care facilities.

Peter Gardikes (CFO)

Peter is both a residential and commercial real estate agent, was President of a mortgage financing company, worked 17 years as a real estate appraiser, and has a vast knowledge regarding valuation of real estate and items owned, and how to sell them for top dollar.

Peter has an excellent eye for staging, photography and negotiating with contractors, other agents, marketing, and working to help others achieve their goals.

"Because of a health concern, we were unable to help our mother move from her home to assisted living. Under the direction of Helen at RightSize Strategies, not only did they help mom move, but they created a home for her with her belongings in her new assisted living space. They donated items to charities that mom supported and made arrangements for other items to be sent to her children and grandchildren."

-Nancy & Jim K. (Columbus, Indiana)

"Peter at RightSize Strategies worked to stage, photograph and market the home. He was able to sell my mom’s home for a net profit that was tens of thousands of dollars greater than an offer that was previously received before just before his involvement. RightSize Strategies Team were able to work under the timelines required. They were beyond helpful – and have since become friends."
